

British Wild Flower Plants Mixed Tray Specifications (Updated 27/2/2018)

(Species may vary)

MT1 Sunny Sites

Plants for areas that receive full sun for the majority of the day.

Agrimony
Basil
Birds Foot Trefoil
Common Catsear
Dropwort
Field Woodrush
Lady's Bedstraw
Marjoram
Oxeye Daisy
Rough Hawkbit
Selfheal
Wild Clary
Yarrow

MT2 Semi-Shade

Plants for areas of semi-shade such as by hedgerows, in slightly shaded gardens or under immature tree canopies.

Barren Strawberry
Betony
Cow Parsley
Foxglove
Fragrant Agrimony
Greater Burnet Saxifrage
Hedge Bedstraw
Lesser Celandine
Remote Sedge
Sanicle
Stinking Iris
Wild Strawberry
Yellow Pimpernel

MT3 Shade

Plants for fully shaded areas of woodland floor, heavily shaded gardens or other gloomy areas.

Bluebell
Dog Violet
Enchanters Nightshade
Greater Burnet Saxifrage
Ground Ivy
Oxlip
Pale Wood Sedge
Sanicle
Wood Avens
Wood Sedge
Woodrush
Yellow Archangel
Yellow Pimpernel

MT4 Wet Areas

Plants that prefer very damp and sometimes boggy conditions that may be found in wet meadows or areas around water.

Angelica
Brooklime
Brookweed
Cotton Grass
Cyperous Sedge
Gipsywort
Lady's Smock
Marsh Stitchwort
Parsley Leaved Water Dropwort
Purple Loosestrife
Ragged Robbin
Square Stalked St Johnswort
Water Figwort

MT5 Coastal Sites

These plants are tolerant of very dry and exposed areas that are often subject to salt spray. Usually found on clifftops or growing in dunes, they are excellent for feature coastal gardens, maintenance-free green roof projects and general hardy planting.

Biting Stonecrop
Creeping Cinquefoil
Rock Sea Spurrey
Sand Leek
Sea Arrow Grass
Sea Aster
Sea Champion
Sea Holly
Sea Plantain
Sheep's Bit Scabious
Soapwort
Stinking Iris
White Stonecrop

MT6 Chalk / Limestone

Plants for soils that are alkaline in nature and contain some amounts of chalk or limestone derivatives.

Agrimony
Carline Thistle
Chicory
Dropwort
Hawkweed
Hoary Plantain
Jacobs Ladder
Maiden Pink
Oxeye Daisy
Perforate St Johnswort
Small Teasel
Small Scabious
Yellow Toadflax

MT7 Sandy Soils

Plants that prefer a free-draining sandy soil.

Autumn Hawkbit
Bladder Campion
Bird's Foot Trefoil
Common Catsear
Crow Garlic
Harebell
Hoary Cinquefoil
Lady's Bedstraw
Sheep's Sorrel
Vervain
Viper's Bugloss
Wild Carrot
Woodsage

MT8 Clay Soils

Plants that prefer soil with a high level of clay content. These plants can tolerate the two extremes of being in baked solid soil in the summer and prolonged dampness at other times.

Autumn Hawkbit
Bladder Campion
Coltsfoot
Cowslip
Field Woodrush
Fleabane
Great Burnet
Glaucous Sedge
Gipsywort
Lesser Knapweed
Meadow Buttercup
Meadow Vetchling
Ragged Robin
White Clover

MT9 Loamy Soils

Loamy soil is a mixture of clay, silt and sand so offers an excellent growing medium for most wild flower plants. This is a nice varied selection.

Chamomile
Common Catsear
Cowslip
Goatsbeard
Greater Knapweed
Lady's Bedstraw
Meadow Buttercup
Oxeye Daisy
Ribwort Plantain
Rough Hawkbit
Selfheal
Small Scabious
Yarrow

MT10 Acid Soils

These plants like low pH acidic soil and are often found on peat heathlands.

Barren Strawberry
Betony
Dog Violet
Dropwort
Fragrant Agrimony
Goldenrod
Great Burnet
Hairy St John's Wort
Hairy Woodrush
Heath Speedwell
Mousear Hawkweed
Sheeps Sorrel
Wild Strawberry

MT11 Birds

Plants in this selection will attract birds to your garden by offering seeds or nesting materials. Birds also like the insects that hide on these plants.

Agrimony
Birds Foot Trefoil
Crested Dogstail
Hemp Agrimony
Lesser Knapweed
Hedgerow Cranesbill
Rough Hawkbit
Small Scabious
Sorrel
Teasel
Wild Clary
Wood Avens
Wild Strawberry

MT12 Butterfly / Nectar

The flowers of these plants are very rich in nectar and will attract butterflies, moths and other nectar-loving insects to your garden. Use to create a colourful nectar bar.

Basil
Birds Foot Trefoil
Coltsfoot
Cowslip
Greater Burnet Saxifrage
Kidney Vetch
Ladys Bedstraw
Lesser Knapweed
Marjoram
Moth Mullein
Oxeye Daisy
Rough Hawkbit
Wild Clary

MT13 Lawns

This selection is designed to be planted in an existing lawn to make it more biodiverse. Many of the plants in this pack are low growing and can tolerate being mown from time to time.

Autumn Hawkbit
Basil
Bird's Foot Trefoil
Cowslip
Daisy
Dandelion
Ladys Bedstraw
Meadow Buttercup
Ribwort Plantain
Selfheal
Sorrel
White Clover
Yarrow

MT14 Rocks And Paving

These plants are small, low-growing and are suited to be planted in rock gardens, wall crevices and the gaps between pavers.

Basil
Biting Stonecrop
Bloody Cranesbill
Goldenrod
Harebell
Hawkweed
Maiden Pink
Reflexed Stonecrop
Rock Cinquefoil
Rock Rose
Sticky Catchfly
Thyme
Wild Wallflower

MT15 Strong Colour

Plants that will produce a splash of strong colours when in flower. Yellows, orange, blues, pinks and purples are all featured here – strictly no whites!

Betony
Cowslip
Devils Bit Scabious
Fox And Cubs
Great Burnet
Maiden Pink
Meadow Cranesbill
Ragged Robin
Red Campion
Tansy
Vipers Bugloss
Wild Clary
Yellow Toadflax

MT16 Boosting Four Colours

A selection of plants that will add a fabulous colour feature to any area. The three annuals corncockle (purple), cornflower (blue) and field poppy (red) will flower strongly the first year they are planted before shedding masses of seeds for next year. The ever popular oxeye (moon) daisy adds a nice tone of white and yellow to the mix.

Corncockle
Cornflower
Field Poppy
Oxeye Daisy

MT17 Wildlife Pack A

Attract a host of wildlife to your garden or area with these plants. Nectar, seeds for birds, hiding places for insects all help this to happen. Ideal for turning a section of garden into a wildlife area.

Betony
Cow Parsley
Cowslip
Daisy
Greater Knapweed
Meadow Buttercup
Moth Mullein
Oxeye Daisy
Primrose
Selfheal
Small Scabious
Teasel
Wild Clary
Wood Avens

MT18 Wildlife Pack B

Attract a host of wildlife to your garden or area with these plants. Nectar, seeds for birds, hiding places for insects all help this to happen. This selection also contains several species that like wet areas too.

Agrimony
Basil
Chicory
Ladys Bedstraw
Lesser Knapweed
Maiden Pink
Marsh Marigold
Meadowsweet
Purple Loosestrife
Ragged Robin
Small Scabious
Small Teasel
Yarrow

MT19 Schools

A selection of plants that is designed to give colour throughout the majority of the year, specifically in spring and autumn so is perfect for school wildflower planting projects.

Basil
Bird's Foot Trefoil
Cowslip
Daisy
Dog Violet
Greater Knapweed
Hedge Woundwort
Hemp Agrimony
Lady's Bedstraw
Oxeye Daisy
Oxlip
Red Campion
Small Scabious

MT20 Wildlife Pond Margins

The margins of a pond can be a haven for wildlife. Plant these species to provide cover, nesting areas and food for insects and birds.

Angelica
Brooklime
Gipsywort
Greater Bird's Foot Trefoil
Hemp Agrimony
Lesser Spearwort
Marsh Marigold
Marsh Stitchwort
Meadowsweet
Purple Loosestrife
Sneezewort
Water Forgetmenot
Yellow Flag Iris

MT21 Bumblebees

Plants that are loved by our native bumblebees and provide nectar for them.

Agrimony
Betony
Birds Foot Trefoil
Cowslip
Dropwort
Foxglove
Harebell
Meadow Clary
Marjoram
Rock Rose
Rough Hawkbit
Selfheal
Teasel

MT23 Tortoise Food Plants

Many of our customers keep tortoises and we have worked with The Tortoise Club to come up with this list. Treat your tortoise to more than just dandelions!

Autumn Hawkbit
Betony
Black Medick
Buckshorn Plantain
Bugle
Bush Vetch
Chicory
Clustered Bellflower
Common Catsear
Common Mallow
Common Vetch
Cornflower
Creeping Jenny
Dandelion
Dog Violet
English Stoncrop
Evening Primrose
Giant Bellflower
Goatsbeard
Greater Knapweed
Hawksbeard
Hawkweed
Hedge Bedstraw
Hedge Garlic

Hedgerow Cranesbill
Heartsease
Hoary Plantain
Honeysuckle
Ivy Leaved Toadflax
Lady's Bedstraw
Lesser Knapweed
Lesser Trefoil
Marsh Mallow
Musk Mallow
Nettle Leaved Bellflower
Purple Toadflax
Red Clover
Red Valerian
Reflexed Stonecrop
Ribwort Plantain
Rough Hawkbit
Rock Cinquefoil
Salsify
Sedges ANY
Selfheal
Silverweed
Small Teasel
Sow Thistles
Sulphur Clover
Teasel
Tormentil
Tufted Vetch
White Clover
White Dead Nettle
White Stonecrop
Wild Clematis
Wood Forgetmenot
Woodruff
Zig Zag Clover

MT24 Wild Grasses

A selection of wild grasses to add to an existing patch of grass or to bolster an area of wild flower planting.

Blue Moor Grass
Chewing Fescue
Creeping Bent
Common Bent
Crested Dog's Tail
Dune Fescue
False Oat Grass
Fine-leaved Sheeps Fescue
Floating Sweet Grass
Hares tail Grass
Holy Grass
Lyme Grass
Marram
Matt Grass
Meadow Fescue
Quaking Grass
Red Fescue
Reed Canary Grass
Reed Sweet Grass
Reflexed Saltmarsh Grass
Rough Meadow Grass
Sand Couch
Sea Couch
Sheeps Fescue
Smooth Stalked Meadow-grass
Sweet Vernal Grass
Tall Fescue
Tufted Hair-Grass
Viviparous Sheeps Fescue
Wavy-hair Grass
Wood False Brome
Wood Brome
Wood mellick
Wood Small Reed
Yellow Oat-grass
Yorkshire Fog

MT25 Sedges and Rushes

A plant selection of native sedges and rushes.

Articulated Rush
Blunt-Flowered Rush
Bulbous Rush
Common Sedge
Common Yellow Sedge
Compact Rush
Cyperous Sedge
Dioecious sedge
False Fox Sedge
Field Woodrush
Flea Sedge
Glaucous Sedge
Grater Pond Sedge
Green-ribbed Sedge
Grey Sedge
Hairy Sedge
Hairy Woodrush
Hard Rush
Heath Woodrush
Lesser Pond Sedge
Long Stalked Yellow Sedge
Oval Sedge
Pendulous Sedge
Salt-marsh Rush
Sand Sedge
Small-fruited Yellow Sedge
Sea Arrow Grass
Sharp-flowered Rush
Soft Rush
Spiked Sedge
Tawny Sedge
Tufted Sedge
Wood Sedge
Woodrush

MT40 Purple Border Collection

A collection of plants that just have purple flowers.

Blue Fleabane
Chicory
Clustered Bellflower
Germanders Speedwell
Harebell
Lesser Knapweed
Meadow Cranesbil
Small Scabious
Teasel
Tufted Vetch
Vipers Bugloss
Wild Clary
Wood Forgetmenot

MT41 Red/Pink Border Collection

A collection of plants that just have pink or red flowers.

Betony
Cheddar Pink
Downy Woundwort
Foxglove
Hedgerow Cranesbill
Maiden Pink
Marjoram
Musk Mallow
Red Champion
Red Clover
Red Valerian
Salad Burnet
Selfheal

MT42 White Border Collection

A collection of plants that just have white flowers.

Bladder Campion
Chamomile
Cowparsley
Dropwort
Enchanters Nightshade
Greater Stitchwort
Hedge Bedstraw
Hoary Plantain
Meadow Saxifrage
Rock Cinquefoil
White Campion
White Clover

MT43 Yellow Border Collection

A collection of plants that just have yellow flowers.

Agrimony
Autumn Hawkbit
Birds Foot Trefoil
Coltsfoot
Common Catsear
Hairy St Johnswort
Ladys Bedstraw
Meadow Buttercup
Moth Mullein
Oxlip
Sulphur Clover
Tansy
Tower Mustard

MT50 Edible

The plants in this selection can be eaten in one way or another. Either the leaf, root or flower can be eaten.

Basil
Chamomile
Chicory
Cowslip
Dog Violet
Fennel
Hedge Garlic
Marjoram
Salad Burnet
Sorrel
Thyme
Wild Chives
Wild Strawberry

MT51 Herbal Remedy

Create your own ancient herbal remedies with these plants and grow a personal apothecary's garden.

Basil
Chamomile
Cowslip
Crow Garlic
Evening Primrose
Marsh Mallow
Meadowsweet
Ramsons
Salad Burnet
Selfheal
Sneezewort
Sorrel
Vervain
